

# Unit6 Let's write a report in English!

## Example A---Report on Hideyo Noguchi

Hideyo Noguchi was a doctor **who** studied bacteria. Many sick people were saved by his work.

Noguchi was born in Fukushima in 1876. He burned his left hand when he was a baby. His friends teased him at school. He studied very hard. He became a famous doctor and went to America in 1900. In 1918 he went to Africa to study yellow fever. He got the sick and died in Africa in 1928.

Now we can see his face on the 1000 yen-bill. I think he was a great doctor **who** worked very hard for sick people.
